About Me

Motivated undergraduate in Mineral Resources and Technology with hands-on experience in microbiology and water chemistry laboratory practices. Skilled in sample preparation, basic laboratory techniques, microscopy observation, and accurate data documentation. Strong understanding of laboratory safety and teamwork in academic settings. Eager to contribute to a laboratory or technical role and further develop practical skills in a professional environment.

Skills

- Scientific & Laboratory Skills
- Computer & IT Skills
- Sports
- Leadership and teamwork
- Analytical thinking
- Communication skills

Education

- BSc (Hons) – Mineral Resources and Technology
  Uva wellassa university of Srilanka
- Diploma in English
  Britishway English Academy
- Diploma in Information technology
  IMBS Green Campus
- Advanced level - Physical science stream
  Combined Mathematics,
  Physics,
  Chemistry

Academic & Practical Training

- Laboratory practicals
  Uva Wellassa University
  - Performed undergraduate laboratory practicals in microbiology and water chemistry under academic supervision.
  - Conducted water sample handling, measurements, and basic physical and chemical parameter testing.
- Team-Based Academic Activities
  Uva Wellassa University
  - Worked in small groups for laboratory and coursework activities.
  - Contributed to task planning, execution, and reporting
- Front-End Web Development Training
  IMBS Green Campus | Diploma in Information Technology

Extra curricular activities

- University Volleyball Player
  - Participated in Sri Lanka University Games (SLUG) and Inter-University Volleyball Tournaments.
- Team Leader – University Exhibition
  - Served as a team leader during a university exhibition, coordinating team members and assigned activities.
- Organizing committee member – Eco Nexus Conference
  - Worked as an organizing committee member at the Eco Nexus research Conference.
- University Elle Player
  - Represented the university in Elle as a member of the university team.
